

Help keep computers, monitors, and other electronic equipment out of Pitt's trash!

DO NOT PUT IN THE TRASH:

Computers, monitors, audio equipment, televisions, fax machines, printers, laptops, and other unwanted electronic equipment.

Electronic equipment contains heavy metals and other materials that can become hazardous to human health and the environment:

- **Lead** - Picture tubes of monitors and televisions contain leaded glass and are the largest source of lead in municipal waste.
- **Mercury** - Electronic equipment is a leading source of mercury in municipal waste.

WHAT SHOULD YOU DO WITH UNWANTED ELECTRONIC EQUIPMENT AT PITT?

- Don't place any electronic equipment in the trash, even if it is broken.
- **REQUEST A PICKUP ONLINE:** at <http://www.bc.pitt.edu/1click/>
OR
- **CALL SURPLUS PROPERTY** at **(412) 624-6500.**

The University redistributes certain electronics for continued use and sends all other electronic equipment to a recycling facility.
